"MY inspiration WAS A TRADITIONAL FRENCH BOULANGERIE WITH marble tops, unlaquered brass HARDWARE AND WIDE BENCHES" TORI

ACTUAL PAINT COLOURS MAY VARY ON APPLICATION

KITCHEN Storage behind closed doors keeps clutter at bay in the beautifully planned and executed kitchen (above & opposite). "All the appliances have custom-made storage, so everything is hidden away until it needs to be used," says Tori, who designed the zone with the help of Brisbane cabinet-making firm KBK. The two-pack Shaker-style joinery in Porter's Paints Popcorn is a crisp contrast to the island in Porter's Paints Black Ice, set off perfectly by the Carrara marble benchtops and splashback from Project Stone. Illuminating the work and dining space are stunning 19th-century French chateau lanterns from Miguel Meirelles Antiques, as well as a 'Double Cup' wall light by Anna Charlesworth positioned over the sink. The 'St Barts' stools in Mud Grey are from Wisteria Design. The Afghani rug purchased in the United Arab Emirates sits on chevron engineered oak boards in Bistre from Tongue & Groove. Perrin & Rowe 'Ionian' unlaquered polished brass mixer from The English Tapware Company. Cane basket from Pottery Barn. >

Britannica

Britannica & Venus are hand carved from beautiful plantation grown Brazilian teak and finished with a grey oil to tone them to a rich earthy colour. The timbers will grey off over time and can be stained and oiled to suit your taste. Although teak is an outdoor timber it is advised to treat them respectfully as "Alfresco" pieces.
